Room Set Capacity Information

1. Set Identification; Classroom = 18" wide tables with (3) people per 8' table ("3pp") or (4) people per 8' table ("4pp"); Theater = Theater-style seating, chairs may be linked based on amount set; B-10 = 72" round table for 10 people; Conference = Seating for all people at a square or rectangular table set. Larger sizes may be a hollow square. All sets are with 21" wide chairs.
2. All published capacities will vary according to peripheral room set requirements. Large head tables, audio/visual equipment, staging materials, tables and catering service may substantially reduce these capacities. Depending on the peripheral requirements, perimeter seating may be allowed.
3. Capacities listed as underlined, i.e. 220, indicate a center aisle is included. Ballroom and Exhibit Hall sets include one or more aisles. Other numbers reflect room sets without center aisles.
4. Theater and Classroom sets in Ballrooms include an average of 22' at the front of the room for production.
5. Banquet (B-10) capacities are based on maximum seating in rooms. Provisions for head tables, dance floor or audio/visual will reduce capacity. All B-10 sets use 72" diameter round tables on 11' centers. Standard sets are straight rows though some sets are staggered when necessary to maximize capacity.
6. Rooms 601-614 Theater and Classroom sets include front of room space (average 10' to 12' deep) adequate for a riser at the front.
7. Rooms 615-620, 4C-1, 4C-2, 4C-3, 4C-4 Theater and Classroom sets include front of room space (average 9' to 10' deep) adequate for a riser at the front.
8. Rooms 201-206, 208-214, 2A, 2B, 301-310, 3A, 3B, 400, 401, Theater and Classroom sets include front of room space (averaging 9' to 10' deep). Risers may not be set in these rooms.
9. Rooms 208, 209, 210 and 301 are executive conference rooms with higher quality finishes, furnishings and equipment and are permanent room sets. Contact WSCC Sales for more details.
10. Sample room set diagrams for these maximum sets are available upon request.
